

# EWMA Public Consultancy

Improving Patient Outcome  
from Health Care Clinics and  
Public Health Systems

**EWMA**  
Innovation Alliance

# ABOUT EWMA INNOVATION TEAM

---

EWMA Public Consultancy offers support to health care clinics and public health care systems by EWMA high level clinical key opinion leaders (KOLs) and experts. Below are listed some of our most requested services:

## PATIENT PATHWAYS

---

We provide input and second opinions to analysis and projects on patient pathways and patient outcomes.

## CLINICAL COLLABORATIONS

---

We advise on processes which promote, accelerate, and implement changes in multi-center clinical collaboration aiming to close gaps, implement guidelines and improve patient outcomes.

## HEALTH ECONOMY

---

We assist with health economy analysis of the consequences of prevention and treatment of pathologies to determine the cost effectiveness of various strategies and the influence on the reimbursement systems.

## NEW TECHNOLOGIES

---

We advise on new technologies based on knowledge published in EWMA documents, by collecting KOL expert opinions and by KOL direct advisory.

## CONSORTIA

---

We join externally financed research consortia targeting any of the topics above either as a partner or as a subcontractor.

Contact us for a dialogue on your tailored support delivered by the high-level EWMA KOLs and experts.
